

# **AB 1900, Seeks to Eliminate Private Healthcare in California!**

3-16-26

**Author** - Assemblyman Ash Kalra (D) et. al

## **SUMMARY**

If AB 1900 is passed, the Democratic Party leaders in California will replace private healthcare with government-controlled healthcare. This would result in people in California experiencing higher taxes, long waits, rationing, fewer available doctors, and less medical treatment.

## **TALKING POINTS**

- Common sense tells us that when people do not have the proper access to necessary medical treatment, they are at risk of experiencing severe health problems. Lack of adequate medical treatment also leads to death.
- According to the Preamble of the Constitution of the United States of America, we are to promote the general welfare. The Declaration of Independence specifically states that we are all entitled to life, liberty, and the pursuit of happiness. In other words, government-controlled healthcare goes directly against the principles that are outlined in the Constitution and the Declaration of Independence.
- More than seven million people are currently on waiting lists for hospital treatment from Britain's National Health Services. If AB 1900 becomes law, California will have this same problem.
- The California government already struggles to run Medi-Cal. Therefore, we cannot trust this government to successfully manage a \$500 billion takeover of our entire healthcare system.

## **TAKE ACTION**

Contact your Assembly member. Urge them to oppose AB 1900. You can find their contact information at <https://findyourrep.legislature.ca.gov>.

## **TELL THEM**

1. "Please vote NO on AB 1900 and stop healthcare in California from being controlled by the government."
2. Choose a talking point listed above.
