Eagle Forum of California Webinar

Monday, May 18, 2026, 7:00 p.m.

SPEAKER: Cindi Castilla

TOPIC: “The Threat of Islam to Our U.S. Constitution, Judeo/Christian Culture and Western Civilization”

Cindi Castilla serves as the president of Texas Eagle Forum, a pro-life, pro-family organization with a mission to educate and equip Texans to become citizen activists through timely email alerts, a monthly newsletter, and visiting with conservative groups across Texas. Using Biblical principles, the Constitution, and a lot of research, TEF focuses on legislation affecting Texas families and has been a consistent and outspoken force in the battle to reverse the decline in public education.

Cindi will address Islam’s effect on Texas:

- 1) How the influx of Muslims in Texas has affected the communities, which has over 330 mosques.
- 2) Muslims use our religious freedom rights to promote their religion, but once they get a foothold in an area, they deny religious freedom to others.
- 3) Many Texas public schools allow Muslim prayer rooms, and “halal” Muslim lunch food.
- 4) American students are indoctrinated that Islam is a religion of peace, but according to history, they are a religion of the sword.
- 5) History textbooks don’t mention that 800 million Christians and Jews were brutally killed by Muslims.
- 6) Muslims denigrate women and abuse them, unlike in Christianity.
- 7) How can parents protect their children from Islamic indoctrination?
- 8) How can we stop this Islamic movement from taking over our land, forming their government, and imposing sharia law?
- 9) How can we use our Constitution to try to stop this movement?
